English

Native Czech

## About me

Self-taught in coding, focusing on front-end development with proficiency in VS Code, HTML/CSS, and JavaScript. Recently acquired skills in PHP and MySQL through a formal programming course. Transitioned career paths in 2021 to pursue web development, driven by a genuine passion for the field. Dedicated to continual skill enhancement and eagerly embrace new learning opportunities. Developed a personal portfolio and actively engaged in project work. Seeking to leverage my enthusiasm and expertise as a front-end web developer to embark on a fulfilling career journey.
